

At Beautifully®, we are dedicated to transparency and education. Therefore you can download a very detailed "Species Information Cards" for all our species.

Additionally, we provide a unique Certificate of Authenticity & Sponsorship for each species. This certificate confirms that this specimen from Beautifully® has been ethically sourced from expert entomologists who work closely with specialized 'insect farms' that breed a variety of insects.

Don't forget that for every specimens sold you have sponsored 1 EURO to wildlife conservation projects. This donation is built into our business model because we believe that beauty should always come with responsibility.

When you choose Beautifully®, you're not just investing in a meaningful object – you're helping to protect the ecosystems that inspire it.

Find your species on below list and download the Info Species Information Card and Certificates of Authenticity & Sponsorship.
